

السيرة الذاتية

أولاً: البيانات الشخصية:-

عبدالله جلال غانم جمعة	الأسم بالكامل
_____	رقم المحمول
gomaa@techedu.helwan.edu.eg	البريد الإلكتروني

ثانياً: البيانات العلمية:

أستاذ دكتور	الدرجة العلمية
تكنولوجيا التبريد وتكييف الهواء	القسم العلمي
هندسة القوي الميكانيكية	التخصص العام
هندسة التبريد والتكييف	التخصص الدقيق

ثالثاً: التدرج الوظيفي:

قائم بعمل عميد الكلية		الوظيفة الحالية
خارج الكلية	داخل الكلية	الوظائف التي تقلدها
	رئيس قسم تكنولوجيا التبريد والتكييف	
استشاري جامعة حلوان للمضخات والتكييف	وكيل الكلية لخدمة المجتمع والبيئة	
	وكيل الكلية للتعليم والطلاب	
	قائم بعمل عميد الكلية	

رابعاً:الخبرات :

الخبرات الأكاديمية والعملية

- استشارى تصميم منظومات تكييف الهواء
- إستشارى تصميم منظومات إطفاء الحرائق
- خبير فى ادارة الازمات والكوارث بمؤسسات التعليم العالى

خامساً: المواد القائم بتدريسها :

في مرحلة البكالوريوس	في مرحلة الدراسات العليا
<ul style="list-style-type: none">• أنظمة التبريد• أنظمة التكييف• ميكانيكا الموائع	<ul style="list-style-type: none">• نظم تكييف الهواء.• انظمة التحكم في دوائر التبريد وللتكييف.• الرسم باستخدام الحاسب الألي .

سادساً: النشر العلمي:

بيان بالنشر العلمي للسيد الأستاذ الدكتور/عبدالله جلال غانم

1. Gomaa A. G., El-Shazly K. M. and El-Asfoury A. S. 1997. Enhancement of heat transfer though fin-and-tube heat exchanger using corrugated fins. Journal of engineering and applied science, Cairo University, Egypt, 44 (2), 309-324.
2. Gomaa A, LeFeuvre R, Underwood C and Bond T. 1999. Numerical analysis of developing laminar flow and heat transfer characteristics through corrugated wall channels. IMechE Sixth UK National Conference on Heat Transfer, UK, PP. 205-214
3. Gomaa A, Underwood C, Bond T and Penlington R. 2001. Numerical analysis of the developing laminar fluid flow and heat transfer characteristics in a staggered

tube bundle. IChemE Seventh UK National Conference on Heat Transfer, Nottingham, UK, F7

4. Gomaa A, Underwood C, Bond T and Penlington R., 2002, "Experimental investigation of heat transfer and friction characteristics of fin-and-tube cooling coils" International Journal of Building Services Engineering Research & Technology , 23, 2, PP.197-204.
5. Gomaa A, Underwood C, Bond T and Penlington R., "Numerical and experimental investigations of HVAC corrugated fin-and-tube cooling coils." Second ASHRAE LAN Conference. 6-8th September, 2003, Cairo, Egypt
